Mill River Union High School

2018-2019

It's been Finn-TASTIC!

Dear Mr. Finn ~

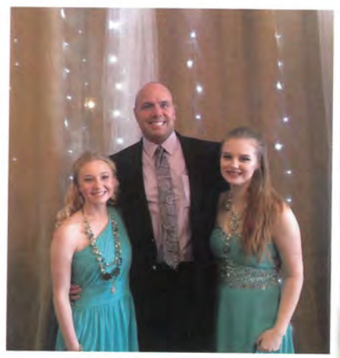
These past two-and-a-half years have been some of our very best. Mill River has had many changes: the class schedule, start and end time of school, and, of course, principals. You, though, are the principal that the class of 2019 has had for the longest period of time, and because of that, you are and always will be a part of our family.

Mill River and the senior class, itself, have both become more peaceful and welcoming over your years here. Our class has had its differences - what class hasn't - but when you step in the room, problems resolve, communication happens, and - well - our smiles get bigger and brighter. You have watched our class grow and become the young adults that we have all been waiting for, but our class has also watched you grow into an incredibly strong person who only has to say one word to brighten up somebody's day.

The class of 2019 wants to thank you for being our guide as we've traveled through the majority of our high school careers. From helping us settle disputes, to giving us life advice, to teaching us how to be a real people, to providing a much-needed lift on the school spirit that Mill River so desperately needed, all the way to you lighting up the path to each and every one of our futures. Mill River, especially the class of 2019, will miss you so very much and we share our gratefulness as you move onto bigger and better responsibilities. Good luck and stay amazing!

Love,
The Class of 2019

Todd Finn
@PrinFinnMRU33
Sometimes, when I see our kids sing, I say "I shoulda been a singer". When I see them score a goal, "I shoulda played soccer". When I see our Cheer squad work so hard every day to do this...I say " I'd have to stick to singing and soccer, because THIS is ridiculously hard".



#WordsFromFinn

Dear Class of 2019,

I knew that this was going to be an amazing senior year for you, and here's why:

All that I ever wanted was for you to be you, for you to be OK with who you were as individuals and as a class, and for you to know that there will never be another you. I never cared how many of you would get into an Ivy League school, which one of you would go on to earn her first million dollars, or who was most likely to succeed in life. What I did want was for you to feel safe, happy, and to enjoy your lives.

I do not have any eternal words of wisdom for you. I wish I did - but you would see right through them. You have given me more than I could ever give you. In fact, I'm just a regular guy who crossed paths with you at one point as a principal, and who will follow a divergent path as a memory after you walk across that stage. But from the moment I met you, as sophomores, I knew you were special. I knew that you would be the class that I wanted to see through what is a difficult set of times that we live in. And I knew that I would smile fondly when I think about you as the years go
by.

Please always know that we will forever be linked together in Mill River History, you and I. Through good times and challenges, I grew to love you all, and you became family to me. Please look me up someday if you ever need anything that I can help you with. Or just to say hello. I'd like that.

And know that we are all forever Minutemen.

Always Yours,

Mr. Finn

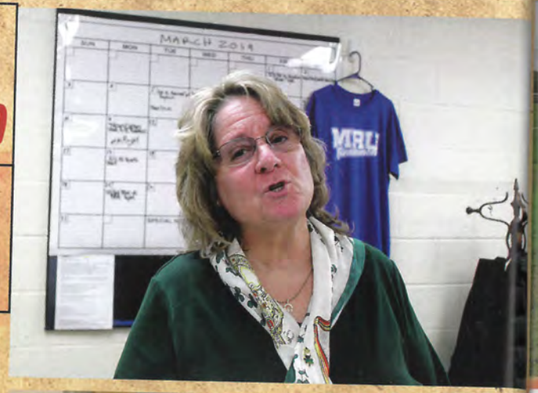
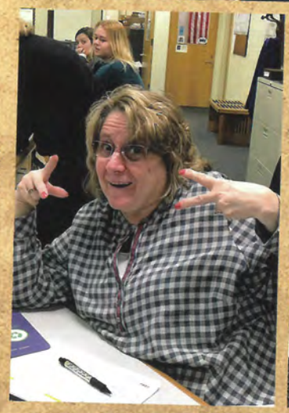
MARY BRIDE

"We must find the time to STOP & THANK the people who make a difference in our lives."

~ John F. Kennedy





Dear Mrs, Bride,

We would like to take this time to thank you for all you have done for the class of 2019. Throughout the years, you have proven to be the foundation of Mill River. Always taking calls, writing notes and passes, keeping students on track; it's incredible that you're able to deal with as much as you do.

Not only have you been our support system, you've been there to watch us grow and become the people we are now. Thank you for being motherly when we needed you to be, for being blunt and honest when you know we're making the wrong choice, for sharing your funniest stories when we need a laugh, and for always having time to listen when we need to rant to someone. There have been days where you're the only one who is able to cheer us up or put a smile on our faces. Being able to walk into the office in the morning to see your bright smile each time we enter MRU helps get our days off to a great start.

We hope you look back fondly on our class whenever you think of us, knowing that you were seen as a friend and not just "the lady in the office" or "the keeper of the vault." We will miss you with all our hearts.

Love,

The Class of 2019

Varsity Boys Soccer

So, the boys soccer team came in this year with the #goal of winning more games than last year, of course, but also to be able to come together as a team and utilize everyone's strengths... Not only did they win more games, but they almost won MVL for the year ... despite a few setbacks with players and injuries! They completely rewrote their story from the last few years and had people from all over the place ~ fans, coaches, and officials ~ talking about how much they'd improved! #minutemenpride One of the best parts was that the Corey brothers got to play a year of soccer on the same team and Tyler is looking as if he's ready to take the torch from Austin ... the freshmen stepped up, the sophomores were more experienced, the juniors kicked butt, and the seniors led the way!

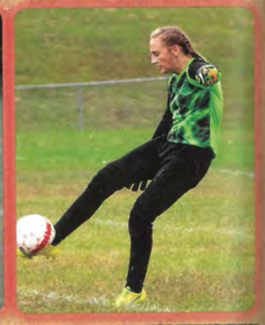
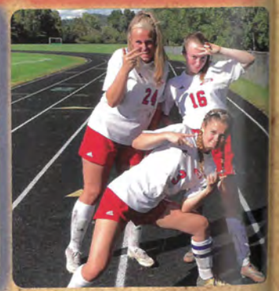
GIRLS VARSITY SOCCER

"This year was my first year at Mill River. Playing on this varsity team was a lot of fun. It helped me get to know a lot of new people and make new friends before school even started. I love everyone on that team, and I'm most definitely going to miss all the seniors who made every day playing soccer this year more fun. I hope wherever Emerson ends up she blesses everyone with her *fantastic* singing."
- Freshman, Kyla Sheehe





This year there was only one girls soccer team for the entire high school! There were 22 girls: freshman, sophomores, juniors and seniors all playing together and getting along without thinking about the age gap or "seniorty."

National Honor Society

Hey Diary ...

I found out that students who are selected to the MR chapter of the National Honor Society must possess the qualities of leadership, character, service, and scholarship. ... it makes sense since they do receive the highest academic honor Mill River can bestow upon them.

They've been busy all year: they participate in numerous community service activities and community events in the area. They also are always working to raise money for the holiday food baskets ... their largest community service event. Community members and business donations chip in to help out, also. With everyone pitching in, they were able to assemble and distribute ninety-three food baskets to families in need within our MRU community.

By the end of the school year, NHS will have completed over 1,500 hours of community service! That's amazing!

Model United Nations

Dear Diary ...Connecticut was amazing! Another incredible year at Yale Model United Nations ... or YMUN, as we all call it. One of our delegates - Luke Zelis - even won an award for Global Citizenship in the Arts for his original piano compilation he created and performed! There were 19 of us this year .... four guys traveling with fifteen girls and, of course, Ms. Matin and Mrs. Little. It was a lot of work leading up to the conference , and we were crazy busy while we were there, but we made great friends from all over the country and world! There were about 2,000 students there from 43 countries. #YMUN #ModelUnitedNations

1st Semester Honors

Dear Diary -
today the school gave recognition to students who earned honors the first semester. The Jazz Band even played. #congrats

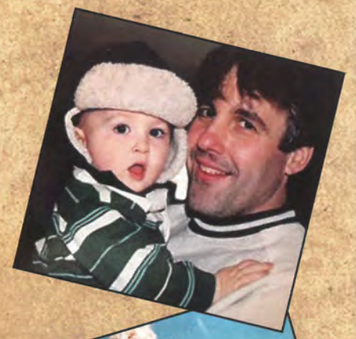
Such a joyful blur of memories swirl within our hearts as we reflect on how you got to where you are today. Such a transformation it has been: from our "Rooney-Boy" playing with trains to "Loafer" joining the Fire Dept. We're proud of all of your accomplishments, Zack. Savor this moment with gratitude, treasure your friendships, cultivate your confidence, and dare to dream! We love you!

Mom & Dad Amanda & Nicole



Lucy Anne Casey-Gillam

Congratulations! We are so very proud of you! It certainly has been a journey these past four years but through adversity you found strength. You have handled yourself with grace, courage and compassion. All of the lessons you have learned, in and out of the classroom, will help you with this new chapter of your life. Be strong. Walk in love. Keep an open heart. Choose to be happy. Trust in God, He does have a plan just for you!

"So keep on climbing, though the ground might shake
Just keep on reaching though the limb might break
We've come this far, don't you be scared now
'Cause you can learn to fly on the way down "
-Maddie and Tae "Fly"

With all our love,
Mom and Dad

Ty LaVictoire

Ty Man,
We have been privileged with watching your journey from our bald=headed baby brother to the distinguished young man you are today. We constantly learn from you and know that someday you will teach the world. Never settle for less and remember to be a leader in all that you do.
Your loving brothers,
Gage and Logan

As your mother I promise you I will always be in one of three places; in front of you to cheer you on, behind you to have your back, or next to you so you aren't alone.You are one step closer to your dreams...go get 'em! Congratulations!

Teigan Paige Farwell

To my wonderfully amazing daughter...

Somehow, the time has already come to close the curtain on this dress rehearsal and send you to the big show. If there are two things that I can be assured of as I send you out into this world it is this: You will NEVER miss a beat and you will ALWAYS hit your mark. If there is one thing that YOU can be assured of, it is that I will always be in the front row cheering you on as you choreograph this thing called life. Break a leg beautiful, the whole world is waiting to see what you can do.

All my love always!
Your biggest fan,
Mom

Ashleigh Baldwin

Congratulations, Ashleigh! Having you at MRU the past four years has been an honor. We're very proud of you ... love you, always & forever!

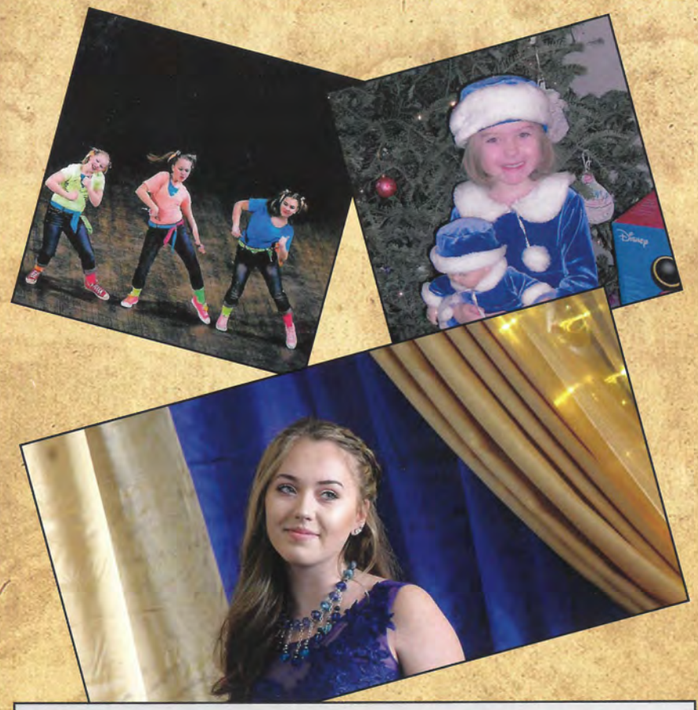
Your intelligence, courage, thirst for knowledge, drive, sense of adventure and your passion for life inspires us every day. We admire and respect you. Congratuations on all your accomplishments at MRU!
We love you so much! Mom and Dad

Teigan Paige Farwell



From Kindergarten to Senior we have watched you strive to be the best you could be. It was amazing to watch someone so young work so hard and know exactly where she was going. Congratulations on a job well done!

Now it is on to the next big adventure. Be sure and follow your dreams with the same determination you have always shown and your goals will be achieved.

Words can't express how proud of you we are and what an honor it is to call you Granddaughter!

Love you,
MeMe and Papa

On February 11, 2001 Teigan Paige Farwell's adventure began.
Your PaPa and I were then, and still are, your Number 1 fan!
We've watched you progress from infancy to the person you are now
And find you amazing and loving and caring and just plain WOW!

You've come a long way from the toddler who watched and missed not a thing
To the confident graduate who's ready for what life may bring.
You may not have been the first grandchild – you missed it by days
But seeing you born forged a bond between us that will be there always!

We watched you play T-Ball and your question about cow balls still makes us smile.
In the end, you left sports to your brothers and found dance more your style.
And oh my can you dance – recitals were the best, you made us so proud
With your skill and your grace – as your fans we were always so loud!

And now you're a senior and your life will soon change
No more concerts, or Bistro, or Singing Valentines to arrange.
Your future awaits you, we're sure you'll succeed.
Just remember MeMe and PaPa are still here if you need.

LOVE YOU TO THE MOON AND BACK TEIGE P
